Professional Summary

WordPress Developer with 2 years of experience in frontend development and WordPress website development, specializing in responsive web design, mobile-first layouts, and cross-browser compatibility. Proficient in HTML5, CSS3, JavaScript (ES6), and WordPress page builders including Elementor and Bricks Builder. Experienced in converting Figma UI/UX designs into pixel-perfect, accessible, and performance-optimized web pages. Skilled in UI debugging, frontend performance optimization, and collaborating within Agile teams to deliver high-quality, user-centered digital solutions.

Work Experience

WordPress Developer, Scintillate Informatics – Hyderabad, India **February 2024 – Present**

- Developed responsive, standards-compliant user interfaces using HTML5, CSS3, JavaScript (ES6+), and modern layout techniques including Flexbox and CSS Grid.
- Converted Figma designs into pixel-perfect, cross-browser compatible, production-ready web pages.
- Implemented mobile-first architecture and responsive breakpoints to ensure optimal performance across desktop, tablet, and mobile devices.
- Diagnosed and resolved UI defects/bugs including layout shifts, browser inconsistencies, spacing issues, and responsive behaviour bugs.
- Followed CSS best practices using reusable classes and modular styling to maintain clean and scalable code.
- Built, customized, and maintained multiple WordPress websites using Elementor and Beaver Builder, including theme customization and layout optimization.
- Developed Structured full website architectures including custom headers/footers, landing pages, service templates, blog layouts, and reusable design components.
- Optimized front-end performance through asset optimization, minimized **CSS/JS,** image compression, and lazy loading techniques.
- Collaborated with designers and senior developers to deliver client requirements within project deadlines.

Technical skills:

- **Frontend:** HTML, CSS, JavaScript, Basic ReactJS, Responsive Design
- **WordPress Development:** Plugin Customization, Elementor, Beaver Builder, WooCommerce Development, Custom Post Types (CPT), Basic PHP
- **Databases:** MySQL, SQL

Education:

- **Sri Padmavathi Mahila University**, Bachelor of Technology, Electrical and electronics Engineering, 84% - 2018-2022

Achievements:

- Improved website loading speed by 30–50% through code optimization.
- Appreciated by the team for collaboration and on-time feature delivery.
